Summary

Senior Frontend Developer with +4 years' experience building scalable, high-performance web and mobile apps using **React**, **React Native**, and **Next.js**. Proven ability to **modernize legacy** codebases, **lead frontend architecture**, and **mentor teams**, with a strong focus on **state management**, **UI/UX enhancement**, and **performance optimization**.

- Experienced in **React.js**, **React Native**, **Next.js**
 - Skilled in **GraphQL**, **RESTful APIs**, **Redux**, **Zustand**
 - Familiar with **Tailwind CSS**, **Material-UI**, **Ant Design**
- Chrome Extensions, automation bots
 - Real-time tech with **WebSockets**
 - Backend knowledge in **Node.js**, **Express.js**, **PostgreSQL**

Technical Skills

Proficient Languages & Frameworks

JavaScript **TypeScript** **React** **Next.js**

React Native (CLI-Expo) **Flutter** **D3.js**

three.js **jQuery**

UI / Responsive Design

Tailwind **Bootstrap** **Material-UI**

Native Base **Ant Design** **Shadcn**

State Management

Redux **Context** **Zustand** **ReactQuery**

Backend Integration & APIs

Firebase **WebRTC** **WebSockets**

Supabase **GraphQL** **REST APIs**

DevOps & Tools

Git **Docker** **Webpack** **Sentry**

Additional Knowledge

Micro Frontend **Node.js** **Python**

PostgreSQL **SQLite** **Realm** **i18n**

Github Actions **Chrome Extensions**

Google Map SDK **Map Box** **Leaflet**

Education

Technical And Vocational University No.1
Computer-Software

 Kermanshah, Iran 2021-2024

Languages

Persian

English

Hobbies

Reading books and articles

coding

Professional Experience

 **Charsoq**

 Tehran, Iran

Senior Front-end Developer

June 2023 - Current

Company Overview: Charsoq is a data-driven marketing agency specializing in pharmaceutical industry solutions.

- Led front-end development of **Maris V1** (offline **React Native**) for 1.5 years, fixing + **85%** of bugs.
- Resolved **Realm DB** bottlenecks, boosting **offline performance** and stability by **30%**.
- Engineered custom **background geolocation** modules for **MedReps**, enabling **offline access** and **precise route caching**.
- Contributed to **Maris V2**, a **large-scale Next.js** platform serving **multiple industries** beyond **pharmaceuticals**.
- Mentored a junior developer on the **Maris V1 React Native** project, guiding **architecture** and **best practices**.

TypeScript **React Native** **Java** **Realm** **Redux** **NextJS** **Tailwind** **Docker** **MapBox**

 **Pezeshket**

 Tehran, Iran

Front-end Developer

November 2022 - June 2023

Company Overview: Pezeshket is the largest online health platform for Persian speakers.

- Developed **responsive React.js & React Native** interfaces for seamless cross-device experience.
- Optimized admin panel **PWA** and mobile app, fixing **iOS/Safari** compatibility issues and **boosting speed** and usability by + **25%**.
- Built **Pezeshkgram**, an Instagram-style social module for doctors with viewer-only access for non-doctors, **increasing engagement** through targeted **UX/UI improvements**.

React **React Native** **Webpack** **Firebase** **WebRTC** **Sentry** **Redux** **Material-UI**

Freelance Experience

Fiverr, Ponisha, Karlaancer

 Italy (Remote)

Full-Stack Developer

January 2021 - Current

Overview: Freelance development across multiple international and domestic platforms, delivering **end-to-end solutions** from **front-end/UI** to **scalable back-end systems**.

- Achieved **Level 2 Seller** status on **Fiverr** by consistently delivering **high-quality web and mobile solutions** with **5-star client feedback**.
- Designed & built **responsive web apps** and **mobile interfaces** using **React.js**, **React Native**, and **Next.js**, reaching active users **across multiple countries**.
- Engineered **scalable backends** with **Node.js**, **Express.js**, **PostgreSQL**, and **Firebase**, ensuring **99.9% uptime** and **secure data flows**.
- Developed **multiplayer card games** with **real-time WebSocket** communication, reducing **latency by 40%** through **optimized server logic**.
- Built custom **e-commerce solutions** with **API integrations** and **secure payment gateways**, improving **checkout reliability**.
- Created multiple custom **Chrome Extensions** automating **workflows**.
- Automated **business processes** using **Python**, including **Discord & Telegram** bots that **reduced manual admin work by 30%**.

Next.js **React** **Expo** **three.js** **Zustand** **D3.js** **Flutter** **ChromeExtensions** **PHP**

Node.js **Express.js** **PostgreSQL** **Python** **Firebase** **Supabase** **AWS** **GraphQL**
